Create an AWS Account

1. Open a regular AWS account (if you don't already have one) following the instructions via the Amazon Web Service Help Center

2. You will need a promo code from us so you can apply it to your account. To request a promo code, you can submit a support ticket here.
   - Under the **"Reason for Contact"** field, choose **"Other"**, then choose **"External Tools"** in the dropdown.
   - When the **"External Tools"** field appears, select **"AWS"**.
   - Please note that a regular AWS account will receive a promo code from Udacity with a fixed amount of AWS credits.

3. To apply your promo code, follow below:
   - Click **"Credits"** on the left side of the screen and enter the promo-code you received, then hit **"redeem"**.
   - Refresh the page and you will be able to view your credits under: Below are all the credits you have redeemed with AWS. Credits v automatically be applied to your bill.
